PROFESSIONAL EXPERIENCE

2024 – Present **Co-Creator & Social Media Manager** Berlin, Germany
Harsha & Shreyas Content Channels (YouTube / Instagram)

- Developed end-to-end content strategies, produced short- and long-form video content, analyzed audience retention and engagement metrics, and adapted content formats to platform algorithms.
- Built a growing organic community, achieved short-form viewer retention above industry benchmarks, and established structured editorial calendars for multi-platform publishing.

07/2026 – 08/2026 **Business Development & Growth Operations Analyst** Berlin, Germany
Yoona.ai

- Co-developed digital growth initiatives with internal consultants, tracked customer engagement signals across social touchpoints, and built reporting workflows for leadership.
- Accelerated multi-channel lead tracking response times by 30% and delivered clear, actionable campaign performance insights for executive stakeholders.

04/2026 – 06/2026 **Data Operations and Analytics Intern** Berlin, Germany
Nakster UG

- Built automated reporting dashboards to monitor operational metrics and multi-channel marketing performance across digital platforms.
- Reduced manual reporting overhead by 85% and guaranteed 100% data integrity for campaign performance reviews and internal strategy sessions.

01/2026 – 02/2026 **Data Science Trainee & Analytics Coordinator** Berlin, Germany
Rayol AI Solutions

- Managed project timelines, meeting cadences, and team alignment while auditing performance metrics against strategic project goals.

PROJECTS

09/2026 **Multi-Channel Social & Digital Campaign Performance Analytics** *GA4, Python, Social APIs, Make*

- Designed an automated campaign tracking framework parsing multi-channel audience touchpoints in real time, enabling live monitoring of user engagement, campaign reach, and conversion metrics.

2026 **Automated Content & Audience Trend Insights Workflows** *Python, Webhooks, Social Media Analytics*

- Developed automated performance reporting tools to track social media engagement trends, conduct competitor audits, and generate executive summaries for digital campaign reviews.
